## What We Do...

The National Center for Mobility Management 's mission is to facilitate communities to adopt transportation strategies and mobility options that empower people to live independently, and advance health, economic vitality, self-sufficiency, and community.

The Center's activities support FTA grantees, mobility managers, and partners in adopting proven, sustainable, and replicable transportation coordination, mobility management and one call – one click transportation information practices.

# National Aging & Disability Transportation Center

- Launched December 2015
- Partnership of National Association of Area Agencies on Aging (n4a) and Easter Seals, Inc.
- Builds on the earlier work of the National Center on Senior Transportation and Easter Seals Project ACTION
- Promotes the availability & accessibility of transportation options that serve the needs of:
  - Older Adults
  - People with Disabilities
  - Caregivers
- Focus on Section 5310 Formula Grant

# Goals of the NADTC

- Promote the use of accessible public transportation for employment, healthcare, education, recreation, and to support independent living.
- Increase the effectiveness, efficiency, and quality of coordinated human service transportation.
- Ensure transportation planning is done in conjunction with broader planning activities at all levels.
- Highlight and assist in developing promising practices to solve transportation challenges, maximizing the effectiveness of federal investments in specialized transportation.

# Target Audience

NADTC will offer technical assistance to:

- Transportation professionals
- Human services providers
- People with disabilities
- Older adults
- Veterans
- Caregivers
- Communities & individuals with limited resources
